What Goes in a Dental Treatment Note and Why. Dental notes can consist of various information. Similar to a doctor's note, a dental note may be used to relay information about a patient's health history and condition for future references.. From a legal standpoint, the note may be used as solid evidence to prove a claim in case any disputes are brought forward.

Treatment notes should be robust; no dentist has ever complained that they had too much information on a patient's treatment. We all know we are supposed to have complete and accurate treatment notes, yet in reality many of us are lacking some key things in our notes. There are three really good reasons, all with different benefits, that drive the need for this.
