Key Lessons from Patent Litigation for Drafting and Prosecuting Utility Patent Applications. By Fred C. Hernandez, Gurmeet Singh. In almost every U.S. patent suit, the patentee's counsel considers how the case could have been facilitated had the patent at issue been drafted and prosecuted differently. These considerations demonstrate that patents should be drafted and prosecuted with an eye toward the possibility of litigation.

Key Lessons from Patent Litigation for Drafting and ...

In the world of patent litigation, specifications and claims always go hand-in-hand. A carefully drafted specification is particularly important when a federal district judge interprets the patent claims, for the claims must be read in light of the specification.
