REVIEWS AND BOOK NOTICES. TENNEY'S ELEMENTS OF ZOOLOGY.\* This is a profusely illustrated book, of convenient size and well adapted by its simple style for instruction in schools. It is a decided improvement in matter and illustration on the "I Manual of Zoology" by the same author, as more attention is bestowed to anatomy and histology;

The best ecology textbook will be based entirely on the needs of the reader. While textbooks usually find their way to schools and universities, many others can benefit from them as well. Personal knowledge will also be a factor in choosing a book. An ecology textbook's home is generally the biology department of the local college or high school.
