Research Paper Presentation, Sixth National IR Conference 2014

A research paper is an expanded essay that presents your own interpretation or evaluation or argument. When you write an essay, you use everything that you personally know and have thought about a subject. When you write a research paper you build upon what you know about the subject and make a deliberate attempt to find out what experts know.

Research Paper Writing Help Service

Presenting at an academic conference is an important part of a researcher's life, and is an opportunity that most young researchers look forward to. However, while it is no doubt an exciting experience, it presents a scary prospect for most researchers.

8 Tips for presenting a paper at an academic conference ...

To prepare a paper presentation, create an outline of your content, then write your script on note cards or slides using software like PowerPoint. Be sure to stick to one main point per card or slide! Next, design visual aids like graphics, charts, and bullet points to illustrate your content and help the audience follow along.

3 Ways to Prepare a Paper Presentation - wikiHow

Think of this as a visual version of your paper. The presentation should include: a short intro, your hypotheses, a brief description of the methods, tables and/or graphs related to your findings, and an interpretation of your data. The presentations should be no more than 10 minutes long. That's not much time.

Research Presentation Guidelines EEB3407

Make an effort to only include information that A) is needed to understand your research topic, and B) is necessary to contextualize your findings or the points you're trying to make. Go through your presentation from start to finish and really try to experience it with fresh eyes—the same way your audience will.
